

WRAP AROUND SLEEVING

DESCRIPTION

This self-closing braided sleeve gives excellent mechanical properties and can be fitted retrospectively.

APPLICATIONS

- Harness bundling
- Abrasion protection
- Noise reduction
- Thermal barrier

PROPERTIES

- Operating Temperature: -70°C to +150°C
- Thermal Class : B
- Tensile Strength : 260 daN
for 6mm nominal bore

CHARACTERISTICS

- Very easy to use
- Excellent mechanical properties
- Good thermal properties
- Self-extinguishing
- Excellent abrasion resistance

AVAILABILITY

Available in black and in almost any size.
