

SRBF

DESCRIPTION

This is a very tough material with good wear resistance, which is easy to machine into finished components.

APPLICATIONS

- Terminal boards
- Busbar supports
- Railway applications
- Marine applications

PROPERTIES

- Continuous Operating Temperature: 120°C
- Thermal Class : E
- Electrical Strength flatwise in oil : 10 mv/m
- Sheer strength : 90 MPa

CHARACTERISTICS

- Rigid
- Strong in both directions
- Easily machined

AVAILABILITY

Available in a number of grades to suit the chosen application. Standard sheet size is 1200 x 1200mm but other sizes can be supplied on request, in thicknesses from 0.8mm to 75mm, colour brown.
